Dear Dr. Nydahl,

We confirm receipt of your above request for consultation in accordance with Section 15 of the Code of Conduct ("BO") of the Medical Association of Schleswig-Holstein. Our ethics committee has no concerns about the conduct of the study regarding professional law and professional ethics.

The instructions listed below must be observed:

1. It should be noted that aspects of data protection law are not completely checked by the ethics committees. This vote does not replace a consultation with the responsible data protection officer.
2. Attention is drawn to the fact that future changes to the study must be reported to the Ethics Committee. Such changes may make further consultation necessary.
3. The ethical and legal responsibility for implementing this study rests with the Directors of the Study and the doctors participating in the study.
4. The Ethics Committee points out that, should further centres participate in this study in future, the responsible Ethics Committees must first convene for a professional consultation.
5. In accordance with the Declaration of Helsinki, a final report must be presented to the Ethics Committee upon completion of the study. This report must include a summary of the results and the conclusions of the study.

Kind Regards

Prof. Dr. med. H. M. Mehdorn
Chairman of the Ethics Committee

Dr. rer. nat. Barbara Kahlke
