Updates

WDAD 2024

Repetition of the 2023' survey will be performed in Norway, Singapore, and China, exclusively
(Brazil and Philippines are not ready, yet, and will join in 2025)

Main differences:

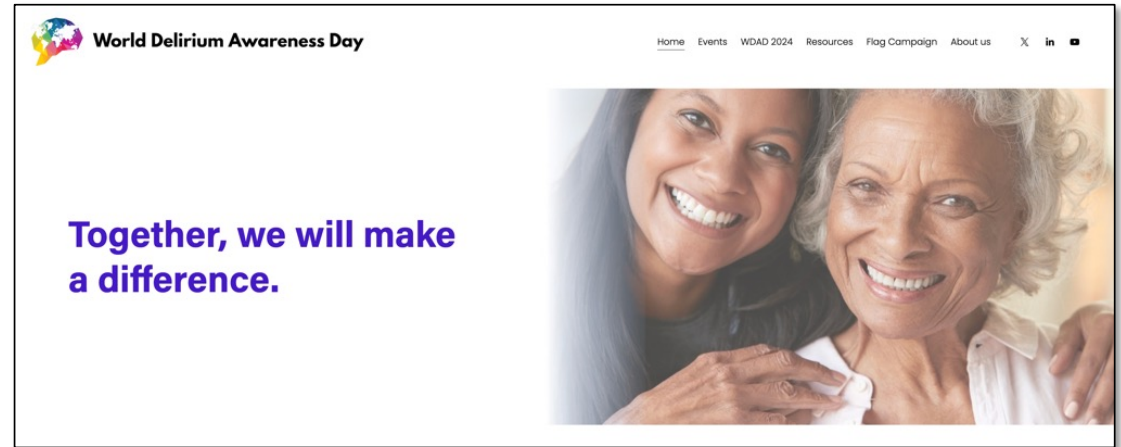

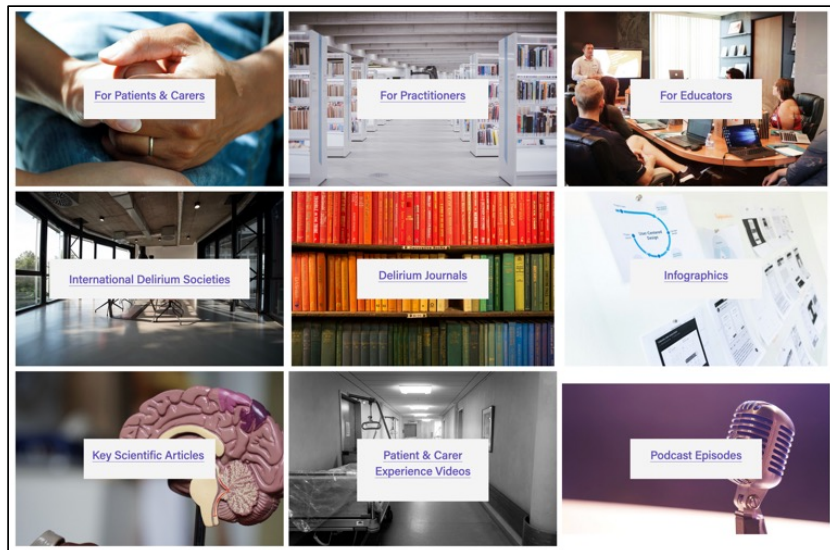

- a) only 8.00 a.m. in the morning
- b) A final button "I entered all data and finish the survey", to enhance evaluation.
- c) **Will there be a need for a code?**
 - a) We ask for city and name of unit/ward
 - b) In case there are more than one hospital in one city with identically names of units/wards or
 - c) In case you want to analyse data of a hospital company across multiple cities,
 - d) you may need a code. Just ask me for a code, and I will send it
 - e) Participants enter the code on the last page of survey, and asl wards/units with this code can identified and analysed seperately

Stay tuned 😊
